CITY OF PORT LAVACA

CITY COUNCIL MEETING: APRIL 30, 2025

AGENDA ITEM

DATE:

APRIL 28, 2025

TO:

THE HONORABLE MAYOR AND CITY COUNCIL MEMBERS

FROM:

JODY WEAVER, INTERIM CITY MANAGER

SUBJECT:

CONSIDER REVISED CITY COMPENSATION PLAN FOR THE 2024-25 FISCAL YEAR

BACKGROUND:

For reference, the following are Classification and Compensation Plan policies that have been previously adopted by Council:

- 1) It is the policy of the City to place its job classes at 100% of the prevailing rates paid for similar occupations by the employer with whom we compete for high quality staff, if financially able, based upon the non-weighted average rates of the designated comparator employers.
- 2) The city will perform surveys every two (2) years, to include city-to-city contact and survey data available through TML. Every sixth (6th) year the City contracts with a third party to review and recommend changes to the City's job descriptions and salaries. [This fiscal year, the City contracted with a third party (PSPC) for this review and preparation of a report with recommendations for changes, which is the topic of tonight's special meeting].
- 3) Survey salary structures and prevailing rates will be represented by the survey midpoints, which are the amounts employers pay for sustained competent performance.
- 4) Job classes are individually reassigned to different salary ranges on a bi-annual basis to reflect the varying movement (if any) in the external prevailing rates (survey midpoints) for each job class using the currently adopted Permanent Salary Range Table. This table should not be adjusted by blanket percentages or flat dollar amounts, as that will adversely impact on the city's external competitiveness and the internal equity of the salary plan.
- 5) There is no expectation or guarantee that an employee will be at a certain point in the range after a certain number of years. The only guarantees are that (1) each person will make at least the minimum for the assigned pay range and (2) that each person will not be paid a higher salary than the maximum for that range. In cases where survey data requires movement of a salary range, and the City is not financially able to accommodate the full movement required in one budget year, the City will develop a plan for bringing these positions into the correct range over a multiyear period not to exceed three (3) years.
- 6) The starting salary for a new hire will be at least the minimum of the pay range for the job. Department heads have the authority to increase the starting pay up to 5% above the minimum if the applicant exceeds the minimum qualifications for the job. If the Department Head would like to request an amount above the 5%, this request must be submitted for City Manager approval. Above 105% requires City Council approval. These requests must be made prior to the job offer.
- 7) In situations where an employee is promoted to a position more than four (4) salary ranges above their current range, the City will develop an employee specific plan to bring that employee to the minimum range of their new position over a multiyear period, not to exceed three (3) years. The plan should include specific goals and performance criteria that the employee clearly understands what is required to meet the requirements of the new position.
- 8) Each year the city council will allocate funds to keep the city in line with the compensation plan. Every city employee is guaranteed to be within a competitive range classified by job class. No employee is guaranteed an increase in compensation each year unless the employee's salary has dropped below the minimum adopted range for the job class. The City intends to reward for performance over and beyond the basic job requirements. The City will continue to provide performance evaluation and performance-based merit increases at the beginning of each budget year (currently October 1st).

As budgeted by Council, staff contracted with Public Sector Personnel Consultants to perform a salary survey/compensation plan update. The results of this survey and plan update are being presented at tonight's special meeting by our consultant with PSPC.

In the list of recommended job titles, there are two positions shown which we currently are not using, but PSCP thinks we may consider in the future. These are a Senior Customer Service Representative and a Senior Municipal Clerk. Currently there are two employees in each of these positions. Based upon the interviews, it was identified that at this time one employee may have some additional responsibilities over the other perhaps warranting a senior position, but with further review we have concluded that his observation was is due to one of the two having not been in the position for as long as the other and is still learning/training. The intent at this time is not to have two separate job descriptions, with one a senior and the other entry level, but rather that both positions provide the same services and tasks and thus are interchangeable as needed.

Also for clarification, the "Senior Streets or Utilities Maintenance Worker" is currently called a Heavy Equipment Operator and a "Lift Station Operator" currently has the title Utilities Operator.

FINANCIAL IMPLICATIONS:

We have calculated that to bring all employees to the minimum of the new pay ranges as shown in the PSPC report, the cost for a full year is \$119,841.45. That cost for the remainder of this fiscal year (effective May 1) is \$46,092.87 (including benefits). Staff is proposing to update the salary ranges in the City's compensation plan as recommended by the study and, using excess funds in our balanced budget for FY 2024-2025, increase wages as needed to comply with item 1 of the above-cited policy. The additional amounts to be funded from the remaining balanced budget excesses are as follows: \$38,144.07 in the General Fund, \$7,817.75 in the Public Utility Fund, and \$131.05 in the Port & Harbors Fund. This will bring all employees to the minimum levels of the new pay grade. The department heads have reviewed these results and as of this writing, there has been no concern expressed of this proposed action resulting in any concerning wage "compression" between two or more employees.

The budgeted full-time positions for FY24-25 are 98 and the full-time equivalent (FTE) part-time positions are 2.81. Note the budgeted full-time equivalent (FTE) for FY24-25 included an FTE of 1 for the full-time dispatchers and .18 for part-time dispatchers. Since we have transitioned the dispatchers over to the county that would make the new FTE count for full-time positions at 97 and part-time positions at 2.63.

Attached is a copy of the City's updated salary ranges per job classification and updated job descriptions for formal adoption.

RECOMMENDATION:

Effective May 1, 2025, staff recommends City Council approve the revised compensation plan for FY 2024-25 as follows:

- Adopt the new Job Classification Recommendations
- Adopt the Proposed Salary Schedule
- Adopt the market-sensitive Range Assignments proposed for each position in the City.
- · Adopt the updated job titles and descriptions as presented
- Acknowledge the City Headcount is 97 full-time employees and 2.63 part-time FTEs
- Authorize the increase of salary expenditure of \$46,092.87 for this fiscal year, to increase the pay
 rate to the minimum of the new pay scale of any employee whose pay rate is not at least at the
 minimum of the new pay range now.
