- j. “Term” means the period of time during which this Agreement is in effect, including the Initial Term and all Additional Terms, as defined in Section 9, below.

3. **USDD Scope of Services.** During the Term of this Agreement, USDD agrees to provide Hardware repair service and Software updates and maintenance for the System (collectively the “Services”). Subject to all other terms and conditions contained in the Agreement, the Services shall include the following:

- a. Technical phone support Monday through Friday from 08:00 to 17:30 MST, excluding USDD holidays;
- b. Remote access support Monday through Friday from 08:00 to 17:30 MST, excluding USDD holidays;

- f. Advance replacement of defective or malfunctioning Hardware (not otherwise covered under the USDD warranty applicable to the Hardware) subject to USDD's Return Material Authorization ("RMA") Process described below; and
 - g. Ground shipping for the return of repaired Hardware.
4. **Claims.** Prior to requesting Services, Customer is encouraged to review USDD's online help resources. Thereafter, to make a valid claim hereunder, Customer must contact USDD technical support and describe the problem or defect with specificity. The first such contact must occur during the Term. USDD's technical support contact information can be found on USDD's web site: <http://stationalerting.com/service-support/>. Customer must use its best efforts to assist in diagnosing defects, follow USDD's technical instructions, and fully cooperate in the diagnostic process. Failure to do so shall relieve USDD of any further obligation hereunder.
5. **Advance Replacement of Hardware.** If a Hardware component requires repair during the Term, Customer shall initiate the RMA process as described below. Upon approval, USDD will cause shipment of a replacement Hardware component to Customer prior to the defective Hardware component being returned to USDD for repair. The replacement Hardware will be a product that is new or equivalent to new in performance and reliability and is at least functionally equivalent to the original Hardware. When a product is exchanged, any replacement item becomes the Customer's property and the replaced item becomes the property of USDD. Replaced Hardware provided by USDD in fulfillment of the Services must be used in the System to which this Agreement applies.
6. **Return Material Authorization Process.** If a Customer makes a claim for an advanced replacement of a Hardware component during the Term, the Customer shall provide USDD with the Hardware component model and serial number and failure information to initiate the RMA process. Upon USDD's issuance of the RMA, USDD will send the replacement Hardware, shipped postage paid ground shipping to the address provided by Customer. RMA requests approved between 12:00 a.m. and 2:00 p.m. Mountain Standard Time are shipped on the same business day. After 2:00 p.m. Mountain Standard Time, the replacement Hardware is shipped on the next business day. All RMA requests are processed on the business day on which the request was received, excluding holidays. Included with the shipped package will be return shipment instructions and a pre-paid return shipping label for the hardware that the Customer is returning. The original hardware must be returned in the shipping box provided by USDD. No goods will be accepted for exchange or return without a pre-approved RMA number. The original hardware must be shipped back within 10 days of receiving the replacement. Failure to return the original hardware will cause Customer to incur a replacement charge equal to full market value of the replacement Hardware.
7. **No Fault Found.** USDD reserves the right to charge 50% of the standard repair price if the returned Hardware is found to have no fault. Customer understands that this fee is intended to discourage return of Hardware prior to proper troubleshooting or return because the Hardware

is “old.” Hardware returns will not be allowed if, upon examination of the returned Hardware component, it is determined that the Hardware was subjected to accident, misuse, neglect, alteration, improper installation, unauthorized repair or improper testing. In such event, USDD shall invoice Customer for the full market value of the replacement Hardware.

8. **Limitations.** The Services specifically and expressly exclude any repair, software installation, update, or other service that is necessitated by the Customer’s misuse or neglect of the System, damage arising from Customer’s failure to follow instructions relating to the product’s use, cosmetic damage, including but not limited to scratches, dents and broken plastic on ports, alterations or repairs to the System made by any person other than an authorized USDD representative, failure of environmental controls or improper environmental conditions, modification to alter functionality or capability without the written permission of USDD, use with non-USDD products, any damage caused by fire, flood, vandalism, terrorism, riot, storm, lightning, or other acts of nature or civil unrest. The Services shall not include disassembly or re-installation of any Hardware at Customer’s site. The Services shall not include the repair of any Hardware that is determined to be obsolete or irreparable in USDD’s sole discretion. The Services shall not include repair or replacement of televisions or monitors manufactured by third parties. Repair or replacement of such components shall be subject exclusively to the manufacturer’s warranty, if any. USDD shall not be liable to provide Services at any time when Customer is in breach of any obligation to USDD under this Agreement or any other contract.

9. **Additional Services by USDD.** Except for the Services, all other acts or performances requested or required of USDD by Customer (“Additional Services”) will be charged at USDD’s then current rates and will be in addition to all other fees and charges payable by Customer under this Agreement. Additional Services shall include (without limitation) Customer’s use of Emergency Support in the absence of a Mission Critical Failure and any Services provided by USDD on a rush basis or during hours not included in the description of the Services set forth above. Customer shall pay all invoices for Additional Services within 30 days. Invoices remaining unpaid for more than 30 days shall bear interest at 18% per annum.

10. **Authorized Support Contacts.** In order to facilitate USDD’s delivery of the Services, Customer shall appoint a minimum of one and a maximum of three contact people who are each authorized to make use of the support services (“Authorized Contacts”). The Customer must ensure that the Authorized Contacts have adequate expertise and experience to make an accurate description of malfunctions to make it possible for USDD to handle reports efficiently. Customer is responsible to select those personnel for this task who are suitable for it by means of training and function, and who have knowledge of Customer’s network, hardware, and software systems. The Authorized Contacts must also have completed USDD product training.

At least one Authorized Contact should be available to assist USDD as needed during the support process. Authorized Contacts are responsible for coordinating any actions needed by Customer’s personnel or contractors including obtaining additional information from field or dispatch personnel, data network or communications system troubleshooting, and physical inspection or actions on the System components.

11. **Customer Facilitation of Services.** Customer will be responsible for providing the following:

- a. The provision of remote access to the System, as more specifically described in Section 12 below;
- b. The procurement and/or provision of all computers, peripherals, and consumables (collectively “Customer Equipment”), including printer paper, toner and ink necessary for the operation, testing, troubleshooting, and functionality of the of the System;
- c. Any configuration and regular maintenance that is normally undertaken by the user or operator as described in the operating manual for the Customer Equipment, including the replacement of UPS batteries as necessary;
- d. Providing a stable means of data transmission between the System Gateway and each fire station serviced by the System necessary for the installation, testing and functionality of the of the System; such means of data transmission may include, but is not limited to, TCP/IP, data modems, leased lines, radios, etc;
- e. The correct use of the System in accordance with USDD’s operating instructions; and
- f. The security and integrity of the System.

12. **Remote Access.** USDD requires remote network access to the Customer’s System, including its Communications Gateways, Station Controllers, and other USDD-supplied equipment through Secure Shell (SSH) to perform implementation and support tasks under this Agreement. To enable this the Customer will provide USDD support personnel VPN or similar remote network access to the System for USDD support personnel (“Customer Support”) to effectively troubleshoot critical or complex problems and to expedite resolution of such issues. Remote network access is also used to install core System software upgrades and customized software. USDD will only access Customer’s System with the knowledge and consent of Customer.

- a. **Alternative to Network Access.** If the Customer elects not to provide remote network access to the System, then USDD may not be able to perform some support functions. Customers that elect not to routinely provide network access may temporarily reinstate this access to allow USDD to perform the above services. The following services will not be performed without this access:
 - System software upgrades
 - System software customization
 - Network troubleshooting assistance including packet capture and network monitoring on USDD devices

- Detailed log analysis
 - Bulk updates to System database tables
 - Troubleshooting that requires low-level system access or large file transfer
- b. Timely Access. Customers must ensure that remote access is available prior to notifying USDD of a support request. In the event that the Customer is unable to provide remote access, USDD will not be required to provide support outside those tasks that do not require remote access, and any corresponding resolution response times will not apply.
- c. Physical Security Tokens. USDD has multiple software engineers that provide after-hours support and these engineers do not typically take security tokens from the USDD office. If the customer requires the use of physical security tokens this may delay after hours service.

13. **Ongoing Service Term, Renewal and Termination.** The initial term of this Agreement shall begin on the Commencement Date and shall continue for one year (“Initial Term”). Unless previously terminated as set forth in this Section, Customer may renew this agreement for four (4) additional one-year terms (each an “Additional Term”) by giving written notice of Customer’s intent to renew at least 30 days prior to the expiration of the Initial Term or any Additional Term, as the case may be, or by timely payment of the “Annual Fee” (as defined below). This Agreement may be terminated by either party by providing written notice of termination to the other party at least 30 days prior to the expiration of the Initial Term or any Additional Term. USDD may terminate this Agreement for any breach hereof upon 30 days written notice. The notice shall specify the nature of the breach. If Customer fails to cure the breach within 30 days, this Agreement shall be terminated. Notwithstanding the foregoing, USDD may terminate this Agreement immediately upon non-payment of any sum due from Customer under this Agreement or any other contract. Upon termination of this Agreement, all sums previously paid to USDD shall be nonrefundable.

14. **Annual Fees.** On or before the first day of the Initial Term and each Additional Term (each a “Due Date”), Customer shall pay USDD an Annual Fee in advance for the Services and to be delivered hereunder (the “Annual Fee”). The Annual Fee shall be the product of the total cumulative sales price of all Hardware, Software, and other tangible goods or equipment provided to Customer at any time under any circumstances (“Base Amount”), multiplied by .10. Customer acknowledges and agrees that the Base Amount is cumulative and will increase by the purchase price of all Software, Hardware and Services purchased in the future. USDD may calculate the Base Amount, determine the Annual Fee and invoice Customer therefore 45 days prior to the subject Due Date. Customer shall pay the Annual Fee on or before the Due Date or 30 days after the date of the invoice, whichever is later. Invoices remaining unpaid shall bear interest at 18% per annum. Annual Fees are nonrefundable.

15. **Reinstatement.** If Customer elects not to renew this Agreement for any Additional Term or otherwise terminates this Agreement, Customer may reinstate this Agreement upon the following terms:

- a. Reinstatement of this Agreement must occur within five (5) years from the Initial Term or the last Additional Term elected by Customer, whichever occurs later. USDD reserves the right to reinstate older Systems or not reinstate newer Systems in its sole discretion.
- b. The multiplier for calculation of the Annual Fee shall increase by no more than 3 percentage points from the multiplier stated above. The multiplier for the new Annual Fee shall be at the sole discretion of USDD.
- c. Customer shall pay a Reinstatement Fee along with the Annual Fee prior to the Commencement Date. The Reinstatement Fee and Annual Fee shall be calculated using the new multiplier described above. The Reinstatement Fee shall be a sum equal to two times the new Annual Fee, provided, however, if the System has been out of service and support for one year or less, the Reinstatement Fee shall be the amount of the new Annual Fee. The Reinstatement Fee is non-refundable.
- d. If Customer reinstates this Agreement and then declines to renew this Agreement for an Additional Term or otherwise terminate this Agreement, the System shall be deemed by USDD to have been abandoned by Customer. USDD will not provide further Services for the System, and Customer will not be allowed to reinstated service and support of the System through another Service Agreement.

16. **Exclusions and Limitations.** USDD warrants that the Services performed hereunder will be carried out with due care and attention by qualified personnel. Defective Hardware subject to repair hereunder will be repaired to good working order. USDD does not warrant that the operation of the System, Hardware, Software, or any related peripherals will be uninterrupted or error-free. USDD is not responsible for damage arising from Customer's failure to follow instructions relating to the System's use. This Agreement does not apply to any Hardware or Software not used in conjunction with the System and for its intended purpose. This Agreement does not apply to monitors or televisions manufactured by third parties. Recovery and reinstallation of Hardware and user data (including passwords) are not covered under this Agreement. This Agreement does not apply to: (a) consumable parts, such as batteries, unless damage has occurred due to a defect in materials or workmanship; (b) cosmetic damage, including but not limited to scratches, dents and broken plastic on ports; (c) damage caused by use with non-USDD products; (d) damage caused by accident, abuse, misuse, flood, lightning, fire, earthquake or other external causes; (e) damage caused by operating the Product outside the permitted or intended uses described by USDD; (f) damage or failure caused by installation or service (including upgrades and expansions) performed by anyone who is not a representative of USDD or a USDD authorized installer or service provider; (g) a Product or part that has been modified to alter functionality or capability without the written permission of USDD; or (h) to any Product from which the serial number has been removed or defaced.
