WHEREAS, the Owners are planning to develop or cause the development of one or more projects on the Property, more commonly known as the Prosper Oaks development, which development has previously been approved by the Town or will be approved by the Town substantially concurrent with this Agreement; and

WHEREAS, the Property was rezoned by the Town Council as PD-____ pursuant to Ordinance No. _____ approved by the Town Council on _____, 2025 (as amended, the "PD Ordinance"); and

WHEREAS, certain requirements of applicable law enumerated in Chapter 3000 of the Texas Government Code ("Chapter 3000") call into question the applicability of certain provisions of the PD Ordinance with respect to building materials and aesthetic methods; and

WHEREAS, the Parties desire to clarify the applicability of certain terms of the PD Ordinance in order for there to be assurance in the development requirements for the

Property, incorporate agreed upon development standards for building materials and aesthetic methods for residential development of the Property, and recognize Owners' reasonable investment-backed expectations in the development of the Property, as more fully described herein.

NOW, THEREFORE, in consideration of the foregoing premises, and for other good and valuable consideration the receipt and adequacy of which are hereby acknowledged, the Parties to this Agreement agree as follows:

1. Development Standards.

- A. Notwithstanding Chapter 3000, the Parties may agree to building materials requirements for the Property pursuant to this Agreement. Therefore, the Parties agree that any residential structure built on the Property following the Effective Date will comply with the requirements contained in **Exhibit B**, "Building Materials and Architectural Regulations," attached hereto and incorporated herein, notwithstanding any conflicting provision of Chapter 3000. The Parties agree and acknowledge that the provisions of this Paragraph 1.A. shall apply to any residential structure constructed subsequent to the Effective Date. The requirements in **Exhibit B** are the only building materials and aesthetic methods required by the Town for development of the Property. No other building materials, aesthetic methods or architectural requirements shall apply for the development of the Property; therefore, by way of clarification, other building materials and aesthetic methods requirements, including without limitation the provisions contained on **Exhibit C**, do not apply to development of the Property.
- B. The Town agrees and confirms that the Property is not a place or area designated by the Town for its historical, cultural, or architectural importance and significance as set forth in Section 3000.002(d) of the Texas Government Code.

2. Weed-Free Landscape Areas. Each Owner agrees to maintain its respective portion of the Property, or establish one or more homeowners association(s) to maintain, all common areas of the Property, excluding floodplain areas, free of weeds, tall grass, rubbish, brush and other objectionable, unsightly or unsanitary matter, as defined in Article 6.03 of Chapter 6 of the Town's Code of Ordinances, as amended. Failure to comply with the terms of this Paragraph relative to weeds, tall grass, rubbish, brush and other objectionable, unsightly or unsanitary matter may result in the Town taking action pursuant to and in accordance with the Town's Code of Ordinances and applicable law.

3. Covenant Running with the Land. The terms, conditions, rights, obligations, benefits, covenants and restrictions of the provisions of this Agreement shall be deemed covenants running with the land, and shall be binding upon and inure to the benefit of the Owners and their heirs, representatives, successors and assigns. This Agreement shall be deemed to be incorporated into each deed and conveyance of the

Property or any portion thereof hereafter made by any other owners of the Property, regardless of whether this Agreement is expressly referenced therein.

4. Applicability of Town Ordinances. The Property shall otherwise be developed and all structures shall otherwise be constructed in accordance with all applicable Town ordinances and building/construction codes.

5. Default. No Party shall be in default under this Agreement until notice of the alleged failure of such Party to perform has been given (which notice shall set forth in reasonable detail the nature of the alleged failure) and until such Party has been given a reasonable time to cure the alleged failure (such reasonable time determined based on the nature of the alleged failure, but in no event less than thirty (30) days after written notice of the alleged failure has been given). In addition, no Party shall be in default under this Agreement if, within the applicable cure period, the Party to whom the notice was given begins performance and thereafter diligently and continuously pursues performance until the alleged failure has been cured. If a Party is in default under this Agreement, a non-defaulting Party shall have the right to enforce the Agreement in accordance with applicable law, provided, however, in no event shall any Party be liable for consequential or punitive damages.

The provisions of this Agreement shall be construed as a whole and not strictly for or against any Party.

10. Savings/Severability. In the event any provision of this Agreement shall be determined by any court of competent jurisdiction to be invalid or unenforceable, the Agreement shall, to the extent reasonably possible, remain in force as to the balance of its provisions as if such invalid provision were not a part hereof.

14. Mediation. The Parties shall attempt in good faith to resolve any disagreement or conflict concerning this Agreement, including but not limited to any disagreement or conflict concerning the interpretation of this Agreement. Any Party may initiate negotiations to resolve such a disagreement or conflict by providing written Notice to the other Parties (the "Initial Notice"), setting forth the subject of the conflict and the proposed solution. In the event such disagreement cannot be resolved by the Parties hereto within sixty (60) days of the receiving Party's or Parties' receipt of the Initial Notice, the Parties agree to submit such disagreement to nonbinding mediation before a single mediator mutually agreed upon by the Parties who has had at least ten (10) years' relevant experience in the commercial real estate industry. If within fifteen (15) days after the date of mediation, the Parties have not reached agreement on resolution of the conflict or disagreement, then any Party may (but shall not be obligated to) commence an action in accordance with the requirements of Section 6 herein.

15. Assignment. Each Owner has the right (from time to time without the consent of the Town, but upon written notice to the Town) to assign this Agreement, in whole or in part, and including any obligation, right, title, or interest of such Owner under this Agreement, to (i) any person or entity that is or will become an owner of all or any portion of the Property; (ii) a homeowners association or property owners association for all or a portion of the Property; or (iii) any entity that is controlled by or under common control with any Owner (each such person or entity, an "Assignee"). Each assignment shall be in writing executed by one or more Owner(s), as applicable, and the Assignee(s) and shall obligate the Assignee(s) to be bound by this Agreement to the extent of any rights so assigned. A copy of each assignment shall be provided to the Town. Provided that an Assignee assumes the liabilities, responsibilities, and obligations of the assignor under this Agreement, the assigning party will be released from any rights and obligations under this Agreement as to the Property (or portion thereof) that is the subject of such assignment, effective upon receipt of the assignment by the Town. No assignment by an Owner shall release such Owner from any liability that resulted from an act or omission by such Owner that occurred prior to the effective date of the assignment. Each Owner shall maintain true and correct copies of all such assignments by such Owner, including a copy of each executed assignment and the Assignee's Notice information.

16. Sovereign Immunity. The Parties are entering into this Agreement in reliance upon its enforceability. Consequently, the Town irrevocably waives all claims of sovereign and governmental immunity which it may have (including, but not limited to, immunity from suit and immunity to liability), if any, to the extent, but only to the extent, that a waiver is necessary to enforce specific performance of this Agreement and to give full effect to the intent of the Parties under this Agreement. Notwithstanding the foregoing, the waiver contained herein shall not waive any immunities that the Town may have with respect to claims of injury to persons or property, which claims shall be subject to all of their respective immunities and to the provisions of the Texas Tort Claims Act. Further, the waiver of immunity herein is not enforceable by any party not a Party to this Agreement. Except as provided herein, the Parties agree that the Town has not waived its sovereign immunity from suit by entering into and performing its obligations under this Agreement.

17. Force Majeure. It is expressly understood and agreed by the Parties to this Agreement that if the performance of any obligations hereunder is delayed by reason of war; civil commotion; acts of God; strike; inclement weather; shortages or unavailability of labor, supplies, or materials; incidence of disease or other illness that reaches outbreak, epidemic, or pandemic proportions or other causes affecting the area in which the Property is located; utility failures or delays; or other circumstances that are reasonably beyond the control of the Party obligated or permitted under the terms of this Agreement to do or perform the same, regardless of whether any such circumstance is similar to any of those enumerated or not, the Party so obligated or permitted shall be excused from doing or performing the same during such period of delay, so that the time period applicable to such obligation or performance requirement and any applicable completion deadline shall be extended for a period of time equal to the period such Party was delayed.

18. Estoppel. Any Party shall, at any time upon reasonable request by any other Party, provide an estoppel certificate or similar document evidencing that this Agreement is in full force and effect, that no event of default exists hereunder (or, if appropriate, specifying the nature and duration of any existing default and the steps required to cure the same), and/or any other improvements or obligations set forth in this Agreement.

19. Effect of Recitals. The recitals contained in this Agreement: (a) are true and correct as of the Effective Date; (b) form the basis upon which the Parties negotiated and entered into this Agreement; (c) are legislative findings of the Town Council; and (d) reflect the final intent of the Parties with regard to the subject matter of this Agreement. In the event it becomes necessary to interpret any provision of this Agreement, the intent of the Parties, as evidenced by the recitals, shall be taken into consideration and, to the maximum extent possible, given full effect. The Parties have relied upon the recitals as part of the consideration for entering into this Agreement and, but for the intent of the Parties reflected by the recitals, would not have entered into this Agreement.

20. Consideration. This Agreement is executed by the Parties hereto without coercion or duress and for substantial consideration, the sufficiency of which is forever confessed.

21. Counterparts. This Agreement may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes. An electronic mail or facsimile signature will also be deemed to constitute an original if properly executed and delivered to the other Party.

22. Amendment. This Agreement shall not be modified or amended except in writing signed by all Parties.

23. Miscellaneous Drafting Provisions. This Agreement shall be deemed drafted equally by all Parties hereto. The language of all parts of this Agreement shall be construed as a whole according to its fair meaning, and any presumption or principle that the language herein is to be construed against any Party shall not apply.

24. No Third Party Beneficiaries. Nothing in this Agreement shall be construed to create any right in any third party not a signatory to this Agreement, and the Parties do not intend to create any third party beneficiaries by entering into this Agreement.

25. Condition Precedent to Agreement. The Parties enter into this Agreement expressly conditioned in reliance upon the Town's consideration and approval of a rezoning for the Property per the PD Ordinance consistent with this Agreement, **Exhibit B** and the zoning application previously submitted to the Town which rezoning and approval of the PD Ordinance shall occur in accordance with all requirements of applicable law prior to September 1, 2025 or this Agreement shall be null and void.

Building Materials and Architectural Regulations

1. Dwelling units shall be in general conformance with one of the home styles shown in the renderings included with *Attachment 1*, with regard to design. Materials shall be governed by Section 2 below. Otherwise stated, building materials are not required to match what is shown on *Attachment 1*; rather, building material(s), including without limitation color palettes or types of materials may consist of any of the materials allowed in Section 2 herein, subject to the requirements in that section. The property owner or developer shall submit building elevations with the application for a building permit. The Town will approve the building elevations if they substantially conform to the requirements of this Section 1 and Section 2 below. The architectural styles depicted on *Attachment 1* are an example of the different styles that homes must be in general conformance with (e.g., each separate home will be in general conformance with one of the styles shown). Building elevations are not required to exactly match or be the same color palette as what is shown on *Attachment 1* so long as they are in general conformance with one of the styles on *Attachment 1*. The applicant may submit alternate/different elevations that do not comply with the requirements of this **Exhibit B** (e.g., are a different style/design than *Attachment 1* or deviate from Section 2) and such alternate elevations may be approved by the Town's Development Services Director or his/her designee ("Development Services Director"), except that any elevations that differ by more than ten percent (10%) from the percentages required pursuant to Section 2 herein will require review by the Planning & Zoning Commission and approval by the Town Council.
2. The exterior facades of a main building or structure, excluding windows, doors and area above the roof line shall comply with the following requirements:
 - i. The exterior facades shall be constructed of 100 percent (100%) masonry, unless otherwise specified herein.
 - ii. Cementitious fiber board is considered masonry, but may only constitute:
 1. For the front façade of any home: Up to fifty percent (50%) of stories other than the first story on the front façade of a residential home¹, except for the modern farmhouse style as noted below. Cementitious fiber board may be used as a façade cladding material for portions of upper stories on the front façade of a home that are in the same vertical plane as the first story so long as the home generally complies with one of the architectural styles included with *Attachment 1*; and

¹ For clarification, up to 100 percent (100%) of the first story on the front façade of any residential home may be cementitious fiberboard.

2. For the side and rear facades of any home: Up to twenty percent (20%) of all stories on the side and rear facades of a residential home (e.g., eaves, soffits, and rear gables above the first floor).
- iii. Unless an alternate material is approved by the Development Services Director, any portion of an upper story, excluding windows, architectural features or area above the roof line, that faces Parvin Road or Frontier Parkway shall be 100 percent (100%) masonry and shall not be comprised of cementitious fiber board except for eaves, soffits, and rear gables (which may be comprised of cementitious fiber board).
- iv. Unless an alternate material is approved by the Development Services Director, any portion of an upper story, excluding windows, architectural features or area above the roof line, that faces and fronts on public or private open space, public or private parks, or the Hike and Bike Trail, shall be 100 percent masonry and may be comprised of cementitious fiber board subject to the limitations in Section 2(ii) above.
- v. Unless an alternate material is approved by the Development Services Director, the exterior cladding of chimneys shall be brick, natural or manufactured stone, or three coat stucco.
- vi. Notwithstanding any limitation above, for modern farmhouse style homes, cementitious fiber board is considered masonry, and may constitute up to eighty percent (80%) of stories other than the first story on the front façade of a residential home. The modern farmhouse style is shown in the renderings included with *Attachment 1*.
- vii. Notwithstanding any limitation above, cementitious fiber board may be used for architectural features, including window box-outs, gables, bay windows, roof dormers, garage door headers, columns, exposed sidewalls/gable ends above lower roofs, exposed rafter tails, or other architectural features approved by the Development Services Director.
- viii. Masonry Construction means clay fired brick, natural and manufactured stone, granite, marble, three-coat stucco, and cementitious fiber board (subject to the limitations in this section) as exterior construction materials for all residential structures. Three-coat stucco means stucco applied using a three-step process over diamond metal lath mesh to a minimum of seven-eighths of an inch thickness or by other process producing comparable cement stucco finish with equal or greater strength and durability specifications.
- ix. An applicant may appeal any denial by the Development Services Director to a request for approval of an alternate material (as noted above) to the Town's Planning & Zoning Commission and may appeal the Planning & Zoning Commission's decision to the Town Council.
- x. The primary massing of the roof on the main residential building shall have a minimum slope of 6:12. Accessory roof structures (including, but not limited to garages) and architectural features shall have a minimum slope of 1.25:12.

- xi. Roof material shall be standing seam copper, metal roof or standing seam metal, natural slate shingles, imitation slate shingles, cementitious tile, or composition 30-year laminated shingles or other approved roof materials. “Other approved roof materials” mean roof materials other than listed herein that are approved by the Development Services Director. By way of clarification, roofing or roof materials are not required to match what is shown on *Attachment 1* hereto; rather, roof material may consist of any of the materials listed in this subsection.
- 3. The requirements in this **Exhibit B** shall apply in lieu of any exterior construction, building materials or design requirements in the Town’s Zoning Ordinance and shall be the exclusive exterior construction, building materials, and design requirements that apply to the development of the Property.
