Hi Dakari - I am reaching out regarding the zoning change reference in the subject line. Is there an electronic format that will allow me to oppose the request? We share a pond with the referenced property and are concerned about the watershed from the proposed new commercial buildings proposed. Our main concern is whether the ponds drainage pipe, which is located on our property, is sufficient enough to handle the increased volume of water run off. We would like to request an engineering report to confirm this. Thank you,

Dan Hanson
