Available

Due Date

02/08/2024

## Purpose:

---

The purpose of this announcement is to solicit applications from law enforcement agencies to equip peace officers with rifle-resistant body armor.

## Available Funding:

---

State funds for these projects are authorized under the Texas General Appropriations Act, Article I, Rider 26 for Trusteed Programs within the Office of the Governor.

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. The Public Safety Office (PSO) expects to make available \$1M for FY2025.

## Eligible Organizations:

---

Applications may be submitted by the Texas Department of Public Safety, units of local government and educational institutions that operate law enforcement agencies employing peace officers under Article 2.12, Texas Code of Criminal Procedure; including municipalities, counties, independent school districts, universities, federally recognized Native American tribes, community colleges, and hospital districts.

All applications submitted by local law enforcement agencies/offices must be submitted by a unit of government affiliated with the agency, including an authorizing resolution from that unit of government. For example, police departments must apply under their municipal government, and community supervision and corrections departments, district attorneys, and judicial districts must apply through their affiliated county government (or one of the counties, in the case of agencies that serve more than one county).

Funds may be used for obtaining body armor compliant with the National Institute of Justice (NIJ) standard (Ballistic Resistance of Body Armor NIJ Standard-0101.06) type III (rifles) or type IV (armor piercing rifle) body armor; including bullet-resistant vests, ballistic plates, and plate carriers.

Due to the limited availability of funds, applicants are encouraged to consider the reasonable cost of their request. PSO will evaluate applications based on number of frontline peace officers and the average cost per vest.

## Program-Specific Requirements

---

**Eligible officers to equip.** Grant funds may only be used to equip peace officers (as defined by Article 2.12, Texas Code of Criminal Procedure) directly employed by a law enforcement agency operated by the applicant. Funds may not be used to equip officers employed by other agencies that are not eligible to apply. PSO may prioritize the equipping of certain types of officers or applicants if the total requested funds exceed the funds appropriated by the Legislature.

**Required Agency Policies.** As required by Chapter 772.0075, Texas Government Code, an eligible

organization may apply for grant funds only after its law enforcement agency adopts a policy addressing the:

- 1) Deployment and allocation of vests or plates to its officers; and
- 2) Usage of vests or plates by its officers.

PSO requires that the policy on usage of vests or plates include mandatory training on the proper care, fitting, inspection, use, storage, and maintenance of the armor. PSO also requires that the policy specify that body armor may not be left in patrol vehicles when an officer is not on duty to minimize the heat damage to the armor.

In crafting these policies, applicants should be aware that the inspection, storage, and replacement of body armor were identified as potential points of failure in body armor use by the Police Executive Research Forum. See ["A Practitioner's Guide To the 2011 National Body Armor Survey of Law Enforcement Officers"](#) for more information.

**Personally Fitted Vest Requirement.** All body armor vests purchased with grant funds must be personally fitted for individual officers, including vests specifically fitted to individual female law enforcement officers. "Personally fitted" does not require armor be individually manufactured based on the measurements of a specific wearer, but rather that it provide the best possible fit and coverage, through a combination of:

- 1) Correctly-sized panels and carrier, determined through appropriate measurement; and
- 2) Properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features.

The American Society for Testing and Materials (ASTM) International has made available the Standard Practice for Body Armor Wearer Measurement and Fitting of Armor ([Active Standard ASTM E3003](#)). The [Personal Armor Fit Assessment checklist](#), is excerpted from ASTM E3003.

## Eligibility Requirements

Lastly, the organization certifies that it will not adopt, enforce, or endorse a policy which prohibits or materially limits the enforcement of immigration laws, and will not, as demonstrated by pattern or practice, prohibit or materially limit the enforcement of immigration laws.

Each non-profit organization must download, complete and then upload into eGrants the [CEO/NGO Certifications and Assurances Form\[A3\]](#) certifying compliance with federal and state immigration enforcement requirements.

6. Eligible applicants must be registered in the federal System for Award Management (SAM) database and have an UEI (Unique Entity ID) number assigned to its agency (to get registered in the SAM database and request an UEI number, go to <https://sam.gov/>).

Failure to comply with program or eligibility requirements may cause funds to be withheld and/or suspension or termination of grant funds.

## Prohibitions

---

Grant funds may not be used to support the unallowable costs listed in the **Guide to Grants** or any of the following unallowable costs:

1. Any costs ancillary to the purchase of eligible body armor, such as policy development, training costs, and staff; and
2. Any other prohibition imposed by federal, state or local law or regulation.

## Selection Process

---

**Application Screening:** The Office of the Governor will screen all applications to ensure that they meet the requirements included in the funding announcement.

**Peer/Merit Review:** The Office of the Governor will review applications to understand the overall demand for the program and for significant variations in costs per item. After this review, the Office of the Governor will determine if all eligible applications can be funded based on funds available, if there are cost-effectiveness benefits to normalizing or setting limits on the range of costs, and if other fair-share cuts may allow for broader distribution and a higher number of projects while still remaining effective.

**Final Decisions:** The Office of the Governor will consider rankings along with other factors and make all final funding decisions. Other factors may include cost effectiveness, overall funds availability, or state government priorities and strategies, legislative directives, need, geographic distribution, balance of focuses and approaches, or other relevant factors.

The Office of the Governor may not fund all applications or may only award part of the amount requested. In the event that funding requests exceed available funds, the Office of the Governor

may revise projects to address a more limited focus.
