**Items for Individual Consideration:**

**1. Discuss items on the March 3, 2026, Planning and Zoning Commission agenda.**

Town Staff provided a brief overview of Consent Agenda Items 4a – 4c.

The Commission inquired about Item 4c. There was discussion on why the item is going through the Planning and Zoning Commission approval process since it is a town project. Staff responded that all town projects must go through the same process and adhere to the same rules, with very few exceptions.

For Item 5, the Commission first inquired about the type of sports facility being developed. Discussion was then had regarding traffic in that area. Staff explained that a traffic signal light will eventually be placed at FM 1385 and Denton Way and FM 1385 is planned to expand at some time in the future.

The Commission inquired if all of the listed uses could occur if approved. Staff confirmed they could, but a revised site plan would be needed for any major deviation from what is currently in place. Discussion was then had regarding the restaurant use. Staff responded that a small restaurant would not be out of place due to the expected gatherings in the area.

**2. Adjourn.**
