Re: Purchase of Two Infield Groomers for Parks and Recreation

Town Council Meeting – March 25, 2025

Strategic Visioning Priority: 4. Provide Excellent Municipal Services

Agenda Item:

Consider and act upon approving the purchase of two Force z23slt EFI - Laser Ready with Tweels Infield Groomers from GLK Turf Solutions for infield maintenance for \$73,290.

Description of Agenda Item:

This VEF replacement purchase for the FY 2024-2025 budget year includes two Force z23slt EFI – Laser Ready with Tweels Infield Groomers with attachments quoted at \$73,290.

This equipment is used to prepare clay infields at the Town’s baseball and softball fields for daily use during the baseball season. It smooths out the infield ruts and high spots created by prior use to leave a level infield for games and practices. It is an important tool for keeping the ballfields in good condition and providing quality play experiences.

Budget Impact:

These VEF replacements for the Toro Sand Pro 3040 and Toro Sand Pro 5040 will be funded through the FY 2024-2025 budget account 61060610-61400 utilizing Buy Board Contract No. 706-23 for \$73,290.

Legal Obligations and Review:

Terrence Welch of Brown & Hofmeister, L.L.P., has approved the attached documents as to form and legality.
