Re: Municipal Mosquito Contract Renewal 2025

Town Council Meeting – June 10, 2025

Strategic Visioning Priority: 4. Provide Excellent Municipal Services

Agenda Item:

Consider and act upon a contract between Mosquito Management Services and the Town of Prosper for mosquito mitigation/testing in the amount of \$75,595 and authorize the Town Manager to execute documents for same.

Description of Agenda Item:

This contract extension will extend the current contract with Municipal Mosquito, which is due to expire on May 18, 2025. This is a one (1) year contract with four (4) one (1) year renewals. Municipal Mosquito will perform the same services as previous years. The company will continue to trap and test mosquitos at three (3) sites in Town each week. They will also continue a larvicide application for the drainage ditch along First Street. This is due to visible standing water in the drainage ditch during the hottest months of the year. The larvicide will be applied to 3,341 feet of drainage, as in past years, once a month for a 5-month time period. The application will be a granule substance that will not wash out during rain events.

Budget Impact:

It is anticipated that 21 weeks of trapping and testing will occur during the fiscal year for a total cost of \$15,119. The total of the contract is \$75,595. This figure is based on setting and picking up traps, testing and the larvicide application. The fees will be funded by Code Compliance Contracted Services (14041010-56000).
