Exhibit B Statement of Intent of Purpose

The purpose of the request is to rezone a single family lot from Single family 15 to Planned Development – Downtown Single Family to facilitate setbacks to accommodate a new build structure of approximately 1900sq ft. The current setbacks would not allow an updated and useful new structure to be built. The current lot is 20ft short on the required 120 ft depth. The developer will incorporate craftsman style architecture into the exterior design and follow guidelines for the downtown residential revitalization program. Due to lot constraints the developer is requesting to decrease the lot depth from 120ft to 100ft.
