CLIENT is expected to take an active role in this project including, but not limited to, participating in meetings with Revize, providing design feedback and approval, providing sitemap feedback and approval, scheduling and participating in user training, etc. Revize expects to complete phase 7 (training) of this project according to timeline provided. Upon completion of phase 7 it is the CLIENT's responsibility to decide when to go live with the website. CLIENT decision to delay go-live for any reason, unrelated to a functional defect making site inoperable, does not constitute breach of contract on the part of Revize. CLIENT understands that it is incumbent upon the CLIENT to respond to Revize requests in a timely manner. CLIENT further agrees that any timeline delays due to their lack of timely communication do not constitute a breach of contract on the part of Revize. CLIENT also acknowledges that satisfaction related to visual and experiential services like that of a website design project can be subjective. The parties agree that this project is a collaborative project and agree to work in good faith to "fine-tune" final deliverables in preparation for go live of new website. Parties further agree that generalized dissatisfaction related to the aesthetic aspects or services previously approved by the CLIENT does not constitute a breach of contract unless Revize fails to cure the functional defect with the website. The CLIENT may also elect to postpone or delay certain deliverables in favor of earlier go-live date of the website.
