

AGENDA ITEM ANALYSIS

Project/Issue Name: 21-R-57 A Resolution to Approve the Purchase of a Dry Pump from Fluid Equipment for Wastewater Lift Stations.

Submitted By: Jason Davis, Operations Manager

Date: Tuesday, November 16, 2021

Issue Statement

A resolution to approve the purchase of a dry pump for wastewater lift stations.

Discussion and/or Analysis

The City recently requested sealed bids for a new dry prime pump to be used in emergency situations at various wastewater lift stations. Two (2) bids were received that met all of the pump requirements. Ultimately, the pump from Fluid Equipment was selected based on the compatibility with our current system. Fluid Equipment has also offered a discounted fee if a pump needs to be rented before the purchased pump is delivered (20-30 weeks lead time).

Recommended Action

Staff recommends approval.
