

CITY OF RICHLAND CENTER

DATA SHEET

Item: Consider Removal of High Caster Booth & Scoreboard in Krouskop Park

Presented by: Jasen Glasbrenner

Meeting Date: Public Works Committee on 05-15-2025

Background: The Public Works Director in conjunction with the Parks and Rec Director have noted that the old high caster booth and the old scoreboard along Hwy 14 in Krouskop Park are no longer used and are in disrepair. The consensus is that both items should be removed / disposed of.

We would like to remove both items and recover any possible salvage value. Work will include properly terminating any utility connections that exist.

Department Recommendation: Time permitting, remove both the high caster booth and the scoreboard and recover any possible salvage value.

Requested Action:

Public Works: Motion to approve the removal of the high caster booth & scoreboard in Krouskop Park.
