AGENDA ITEM DATA SHEET

Agenda Item: Finalization of project modifying Industrial Park parcel boundaries

Meeting Date: 8/28/2024

Requested by: Jasen Glasbrenner – Public Works Director

Background: We are looking to finalize the project of resurveying and restructuring the lots in the North Industrial Park that began in early 2023. Vierbicher engineering will provide an update, and we will consider possible action to dispose of some small areas of land that were formerly set aside for right of way.

Financial Impact: Project was formerly approved.

Requested Action: Set criteria for project completion – to be determined.
