WELCOME

Headquartered in Neenah, Wisconsin, Cobblestone Hotels prides itself on filling the lodging needs of communities throughout the United States. Since January of 2008, the brand has expanded to over 170 in 29 states.

For more than fifteen years, Cobblestone Hotels has been known as one of the fastest growing hotel brands in the country. From the very first Cobblestone Hotel, Cobblestone prides itself on the cohesive approach of community and entrepreneurship that provides the catalyst for success to our franchisees.

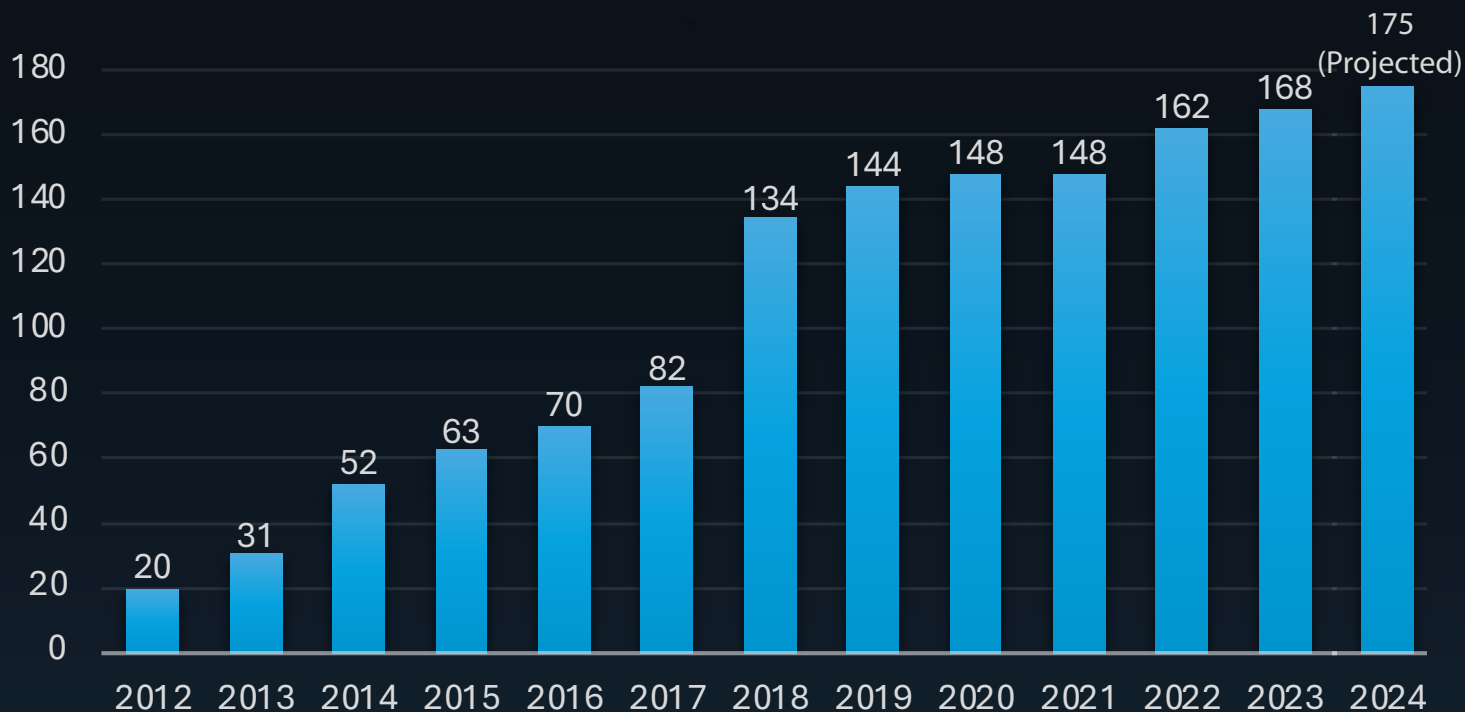

Our Vision: to provide each guest and franchisee with quality lodging accommodations that you would find in any larger market, while fusing that experience with a personal one to one touch.

HISTORY

In 2007, while driving from Sioux Falls, South Dakota to Oshkosh, Wisconsin, Brian Wogernese went through many small towns, and realized these small towns/ need for lodging were being overlooked. Upon returning, the perfect prototype hotel was drawn out; however, none of the bigger brands would consider anything less than 65 units. From there, a 31-unit Cobblestone Inn & Suites was designed that featured everything you would find in a larger town: onsite lounge, hot breakfast, Wi-Fi, fitness room and more. Since the genesis of Cobblestone Hotels, the brand has expanded to a five brand portfolio, not just limited to smaller communities.

GROWTH & MILESTONES

Properties open or under construction per year since 2008.

WE LISTEN

We work for our franchisees, not the other way around.

Advancing new ideas, discussing system-wide focuses, and seamlessly implementing new programs is not something any franchise should do without the insight of their franchisees.

WE UNDERSTAND

“We started Cobblestone Hotels because we have been franchisees of other brands. We know how it feels to be a franchisee; we are attuned to making sure we are sensitive to mandates and how it affects the investors. As we grow, it is important that we are still as good as we told people we were over ten years ago.”

- Brian Wogernese, *Founder*

WE CARE

“Cobblestone Hotels cares about the needs of our small-town properties. They understand the need to adjust and adapt to our guests needs and our needs as franchisees.”

- Marsha Nice, *Owner Boarders Inn & Suites by Cobblestone Hotels of Medford, WI*

WE ARE FAIR

“After being introduced to the Cobblestone brand in 2015, we found they best fit our small-town needs with fair franchising and honest of development and operational support. They’ve partnered with us from feasibility stages to the front doors opening.”

- Mick & Dee McCullough, *Soda Springs, Idaho*
