

CITY OF RICHLAND CENTER - AGENDA ITEM DATA SHEET

Agenda Item: Request by Brewer Public Library to Install Signage on City Property

Requested & Presented by: Jasen Glasbrenner, DPW

Meeting Date: Public Works Committee on 09-17-2026

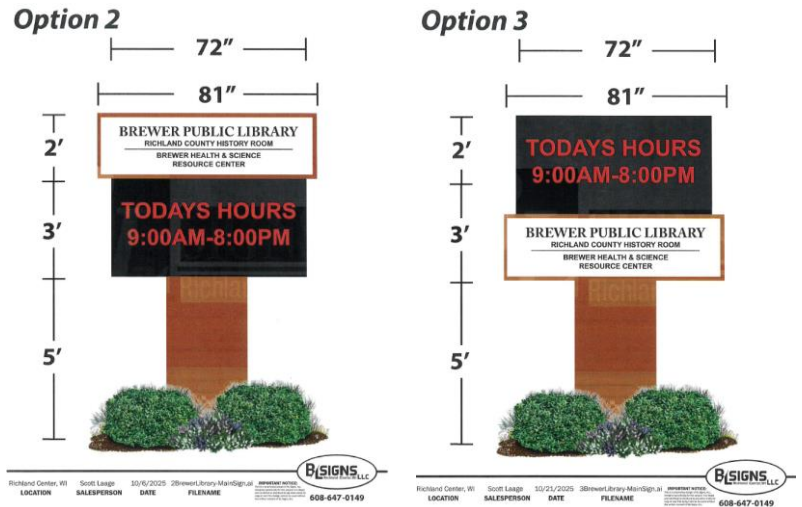

Committee Review:

Background: Brewer Public Library is working to its existing brick sign with a double-sided electronic message center sign on City-owned property along Central Avenue, south of the library's accessible ramp.

Proposed Placement

Proposed Signage (For context, not approval.)

City Ordinance assigns oversight of how this city property is used to the Public Works Committee. The Public Works Department has reviewed this proposal and has no concern with installation of a sign on city property.

Approval by the Public Works Committee authorizes continued use of the property for a sign. The library will fund and coordinate the project, including removal of the existing sign and installation of the new sign. The library will be responsible for all deferred maintenance. The proposed sign is designed to be relocated if needed in the future.

Department Recommendation: Staff recommend approval of the request to use city property at the location of Brewer Public Library for the installation of a new sign to promote the library and its services.

Financial Impact: No anticipated City expense.

Funding Source: N/A

Potential Motion:

PUBLIC WORKS: Motion to approve Brewer Public Library's request to install a sign on City property at no cost to the City.
