Help Richland County United Givers Help Our Own 2026

Richland County United Givers' mission is to raise funds
for non-profit organizations serving the needs
of the residents of the greater Richland County area.

Kinship of Richland County

Kinship of Richland County is a youth mentoring organization that connects caring adult volunteers with children who could benefit from extra encouragement, guidance, and positive one-on-one attention. Its main function is to build supportive mentor-child relationships that help young people grow socially, emotionally, and academically. The program carefully screens and matches volunteer mentors with youth ages 5-17 based on interests and personalities, creating connections that are meant to last. Kinship holds meaningful group events and activities that bring mentors and children all together where mentors can share their experiences and gives children a sense of belonging and connection. Funds are used for these events. For more information, and how to get involved, contact Kinship Director, Sue Sharp 608-604-9414 or email: kinshiprc@gmail.com
