

Keep Richwood Beautiful

2026 Grant Project Ideas

I asked my 13 year old her opinion

- The basketball ball courts need repainted
- The creek front to be cleared to make it accessible
- Add/ Update walking trails
- Add flowers
- Fix swings

Simple Yet Effective Projects

Entry Signage / Mural

- Add matching or similar entryway signage to each park w/ name
- Include a mural w/ raccoons, flowers, butterflies, etc (picture worthy)
- Around each sign add a butterfly/ pollinator garden (picture worthy)

We want to make our parks something worth visiting - something memorable for families. If we make our entryways/signage to each park picture worthy - use hashtag #keeprichwoodbeautiful / #krb we could get free publicity / advertising from people when they post pictures on facebook and instagram.

We could also use our murals (unique to each park but all similar) in the future with a city wide/ park scavenger hunt or something similar. It will also add a featured spot in our city.

Update Trash Cans over benches

Update/add matching trash cans throughout the parks to help combat against littering

Shade

Add shade over park benches

Add inclusive equipment

Add/Update trails

- Installing sensory-friendly equipment
- Adding musical style equipment
- Add ¼ mile marks on trail
