- Telehealth – Provides immediate referral to medical physicians when needed via computer, tablet, or phone.

REBOUND

We protect those who protect us

Every day, public safety workers get hurt on and off the job.

When that happens, Rebound is here to help.

We guide workers through a complex healthcare system to heal more quickly, which saves time and money for all stakeholders.

Your employees get better. Faster.

Benefits to you

-  We seamlessly integrate into your workers compensation process without adding work or eliminating jobs. It's truly a no-hassle process.
-  Rebound's medical providers understand the physical challenges of your workforce, and the vast majority are sports medicine trained.
-  Rebound's Orthopedic Patient Navigators help your injured employee select the best provider in our network based on location, history and needs.
-  Our advocates guide your employees through the entire process, from the moment we take their injury call until their ready-for-duty orders are signed.

"Rebound has literally done everything they said they would do, as well as go above and beyond. Budgets are getting hit hard, and injuries are a big part of that. When you have Rebound in your corner, helping you get people back to the job faster, that is huge for us from a daily staffing perspective and a budgetary standpoint."

Nurse Triage & Telehealth

League of Wisconsin Municipalities Mutual Insurance is proud to partner with CorVel as our nurse triage and telehealth partner. CorVel's proactive healthcare solution connects injured workers to medical services ensuring they feel cared for in the event of a workplace injury.

Nurse Triage

At the time of a workplace injury, employees can call and speak with a registered nurse through CorVel's 24/7 nurse hotline who will evaluate the injury to determine immediate medical needs. By addressing the injury when it first occurs, CorVel can provide quick and timely care for your employees.

Telehealth

CorVel's nurses are trained to provide an initial assessment and will provide immediate referral to medical care when needed. Nurses may also refer to telehealth as appropriate at the option of the employee. This feature connects the injured worker to a physician immediately via a computer, tablet, or phone. The CorVel nurse will email a link with instructions directly to the injured worker. The CorVel nurse will stay on the telephone with the injured worker until they are connected to the online visit.

Advantages of Telehealth

For many workplace injuries, immediate treatment can be received through a virtual visit with a doctor eliminating the need for scheduling and attending an in-person appointment. No driving to a doctor's office, missed appointments, or delays in waiting rooms. With the advent of new technologies, many welcome the convenience of a virtual visit with a doctor and the added expediency of prescriptions and physical therapy scheduling. By connecting our employees with appropriate, quality care, it can help prevent a minor injury from becoming a complicated injury and focus on your employee's wellness.

About Telehealth Physicians

CorVel has contracted with dedicated physicians who average 15 years in primary and urgent care experience, and are US Board Certified, licensed, and credentialed.

Rebound

For our members that currently utilize our Rebound injury management program, you can continue to contact Rebound directly as you have been doing for any musculoskeletal injuries (knee, shoulder, back, hip, etc.). Also, the nurses at CorVel can provide a referral to Rebound for those injuries as appropriate. The services are designed to work together to achieve the best outcome.

Reporting a Claim

For any work related injury that goes through the 24/7 nurse hotline, CorVel will automatically send the first notice of injury to United Heartland for claim handling. If you chose not to use CorVel, you will need to submit your claim to United Heartland as previously done.

Better injury management helps your employees and your bottom line.

LWMMI UNIVERSITY ADMINISTRATOR FEATURE OVERVIEW

The Benefits of the LWMMI University

The League of Wisconsin Municipalities (LWMMI) has partnered with LocalGovU to deliver online training to our members at no cost. Online training improves the safety and effectiveness of your organization and personnel, while contributing to successful professional development.

Employees can conveniently access hundreds of e-learning courses 24/7, allowing them to balance their work schedules while completing practical and informative self-directed training at their own pace.

Members can choose to train by topic or can select more specific courses by profession.

Fulfill Training Requirements

For law enforcement, the LWMMI Police University can fulfill 8 of the 24 hours of annual training requirements with department-level approval.

For Water and Wastewater, LWMMI University courses can be used to fulfill the required hours of annual training requirements. Wastewater professionals will need to submit their certificate of course completion directly to the Department of Natural Resources for training approval.
