Wireless Internet Service Overage Rates.

If Customer purchases a Wireless Internet Service plan with a monthly Data Allowance, plans with the same monthly Data Allowance will participate in the same Data Pool. In addition to MRCs associated with a Wireless Internet Service plan with monthly Data Allowance, overage charges may apply if Customer's data usage in a given calendar month exceeds the monthly Data Allowance/Data Pool, as applicable. Overage charges are applied in arrears at a rate of \$8.00 per GB, or the rate found at <https://enterprise.spectrum.com/products/internet/wireless-internet/overage-rates.html> (or successor URL) for data usage in excess of the plan's monthly Data Allowance/Data Pool, as applicable. Wireless Internet Service plans with unlimited data do not have overage charges or data-pooling.
