In addition to WaterSolve's Standard Terms & Conditions, the following terms apply to this Sales Proposal unless otherwise noted above:

- A Geotube® dewatering performance trial, chemical conditioning program, and hanging bag performance test are required before start up.
- Customer shall complete a Credit Application at the time of the initial order.
- The Contract Price excludes all taxes (sales and use), special delivery, freight surcharges after proposal date, or freight differentials for quantities smaller than the volumes listed on page 1. The Contract Price is in US Dollars (\$).
- Customer shall prepare the lay-down area and verify (0.0% side to side and maximum 0.5% end to end) in accordance with **WaterSolve's Standard Terms & Conditions**.
- Customer shall be responsible for any change in project design or material character including all resulting change orders. Costs to implement Customer design changes after design approval shall be charged at WaterSolve's customary hourly rate.
- Customer is responsible for all permitting with applicable regulatory agencies.
- Customer is responsible for all site conditions, including the presence, handling and disposal of hazardous materials. WaterSolve disclaims any responsibility, liability, or duty to investigate site conditions. Empty tote and drum containers are the customer's responsibility for disposal.
- Fuel is provided by others unless specified in the proposal.
- Gas monitoring is provided by others unless specified in the proposal.
- Unspecified debris removal (non-native materials) located in the area to be pumped out is the responsibility of others, and any costs/delays due to debris removal will result in standby rates.
- If Seller is engaged to provide on-site services, Seller will provide such services Monday – Saturday, not to exceed 10 hours per day.
- Customer shall notify WaterSolve of any special wage requirements at time of order. Special wage requirements may result in increased daily rates from those listed on page 1. Daily rates include travel and on-site time. Holidays will be charged at double the daily rate, if worked, and at normal daily rate if standby is required after mobilization, unless otherwise specified in the proposal.
- Equipment Rental includes mixing manifold, injection port, sampling ports, and Geotube® injection ports (all schedule 40 PVC with cam-lock fittings), as applicable. Equipment rental is one-month minimum. Rental rates shall be pro-rated after each complete month.
- Project Work Order must be completed before beginning of project. Additional work outside of the Sales Proposal may cause additional charges and delays.
- Clean water and electrical power to polymer make-down unit are to be provided by others.
- Custom made products require one half of Product cost paid at time of order. Restocking fees on custom size products may apply.
- Customer shall pay mobilization charges when mobilization to the job site is complete. Mobilization charges include travel, shipping and expenses to transport the personnel and equipment to the site and one day of time for set up at the site unless otherwise noted. After one day on-site, daily rates apply until the project is complete. If delays are encountered that do not require WaterSolve to be on site and provided Customer timely notifies WaterSolve, Customer shall pay WaterSolve its Standby Rate equal to two thirds of WaterSolve's established daily wage rates. A change in project start date may result in mobilization penalties.
- Standby rates will be at normal daily rates for any equipment on site.
- Polymer selection and quantity and Geotube® capacity is based upon testing of Customer's sample. The Sales Proposal assumes that samples obtained are representative of the site. Customer hereby assumes the entire responsibility and liability for testing and determining the site conditions and material characteristics, and obtaining and providing WaterSolve samples representative of the material to be treated. WaterSolve is not responsible for familiarizing or determining the actual site conditions or testing of any material characteristics to determine if the samples provided are representative of all materials present. Therefore, WaterSolve makes no implied warranty of any kind that its Product(s) are suitable for Customer's intended use. Customer understands that the material characteristics or any other factors of the sample provided to WaterSolve, by Customer, may differ from the actual site conditions. Customer further

understands that the sampling techniques such as composite sampling, may mask materials that may result in delays and difficulty treating the actual site materials. Customer shall be solely responsible to make sure Products(s) used are per Owner's specifications. Customer assumes full liability for any loss, damage, delay from the use of Watersolve's Product(s) and shall hold Watersolve harmless from any and all causes of action related to the use of Watersolve's Products(s) due to material character changes from the samples tested.

○ Bonding Costs and Insurance Limits beyond WaterSolve's current limits are not included in the price.

WaterSolve makes no implied warranty of any kind. Customer is solely responsible for determining whether or not Product(s) is suitable for Customer's intended uses. WaterSolve shall not be held liable for any Geotube® site excavation or surveying to determine if land is suitable for lay-down. Technical service is limited to setup and operation of WaterSolve equipment. Any other technical advice or information is given without consideration. No such information or advice relieves the Customer from ultimate liability to ensure products are used properly per specifications or from Customer's sole responsibility to determine whether the Product(s) is suitable or desirable for Customer's intended use.
