

Swank Motion Pictures, Inc.: <https://www.swank.com/public-libraries/>

The licenses are per movie, per event and the licensing fees will vary depending on your movie selection and your crowd size. A one-day Public Performance License for most movies, for a crowd size of less than 200 people ranges from \$395 to \$450. If you are charging admission for the event, the cost of the license is the original quoted rate vs. 50% of total ticket sales – whichever is greater.

You will be licensed to obtain and use your own legal copy of the movie for your showing. Should you want a rental copy shipped out to you it is an additional \$30 for the rental/round-trip shipping of the movie.

Guidelines and Availability:

- Availability to show Disney films outdoors is subject to restricted dates called the Disney Windows. Click here to view those availability windows.
- You can access our library of films categorized on our website by new releases, throwbacks, family-friendly and more: <https://www.swank.com/parks-recreation/>
- Our website reflects films that Swank represents, however this does not mean that all films are available for all dates and screening scenarios. Please check with us to confirm that your preferred film choices are available for your date(s) and location.
- If this is a drive-in event, the studios ask that you refrain from using the term “drive-in” or “theater” to promote your event. You can use something creative like carpool cinema, wheels and reels, cars under the stars, etc.
- Movie availability is based on your proximity to movie theaters—do you have a movie theater within one mile of your screening location?
- Feel free to visit our FAQ page for more in depth information.

Planning for your showing:

- Your licensing does need to be obtained before you are able to begin promoting your event. Ideally we like to have at least 2 weeks’ notice prior to your showing to get all in place.
- Please note that advanced payment is required.
- Once you license a film through Swank you are then able to promote and publicize your movie event. We do have free promotional materials for our newest and most popular movies to help assist with making your event successful!
