Reference: Cathodic Protection Corrosion Control System

Dear Customer:

We have not heard from you regarding the service proposal we submitted which would provide for annual maintenance to the referenced cathodic protection corrosion control equipment. In order to expedite this matter, we are enclosing a copy of that agreement for your consideration. Upon approval, you may fax it to us at 330/723-6065, email contractcenter@corrpro.com or mail it to the address indicated above.

Included as well is a check list of additional services we provide. These services are not related to the operation of your cathodic protection equipment and, as you can see, pertain strictly to the tank itself. Should you wish to subscribe to any of them, simply mark the sheet accordingly and submit it along with the maintenance agreement. Please bear in mind that the charges indicated are *in addition* to the annual maintenance fee.

Since the cost of these services seems minimal when compared to the overall cost of your water storage tank investment, we hope you will give our proposal serious consideration. We ask that you please contact us (Toll-Free 1-800/443-3516) should any questions arise.

Very truly yours,

Raychell Whitlow-Long
