As required by the Wisconsin Construction Lien Law, builder hereby notifies owner that companies furnishing labor or materials for the construction on owners land may have Lien rights on owners land and buildings if not paid. Those entitled to Lien rights, in addition to the abovesigned builder, are those who contract directly with the owner or who give the owner notice within 60 days after they furnish labor or material for the construction. Builder agrees to co-operate with the owner and his lender, if any, to see that all potential Lien claimants are duly paid. All material is guaranteed to be as specified. All work is to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate. All agreements contingent upon delays beyond our control.
