After reading **2021HB2**, I have reached the following questions and comments:

1. **Who** notifies the city if a licensee violates State Cannabis Law?
2. Should there be a hearing on an action to suspend or terminate a *licensee* do we as a municipality get notice from anyone?
3. Since there are many different types of Cannabis Retail licenses, which one does this application fall under?
4. After reading **2021 HB2** it seems the state wants to have one of these retail facilities on every street corner. With that in mind it is my understanding that all cities can do about this type of business must be through its zoning ordinances. Hopefully P&Z is on top of that.
5. I have no opinion either way to allow or disallow Cannabis sales. Studies show pros and cons about availability and health benefits/detriments.

Some of these businesses will sell to minors. Many will not and follow the law as it's written. New Mexico has some archaic alcohol laws and this one will follow right along with them.

This applicant's **filing fees will be only a teeny bit** if a violation is found out to be true. New Mexico will give out licenses pretty much to almost anyone. The rue will come as the **State of New Mexico fines operators for the least little error.**
Good luck.
