Cibola Land Corporation would grant to the City of Rio Communities a fifty-foot easement covering the eastern boundary of the requested C-3 area for the purpose of establishing an open-space on which would be created a greenbelt area - including trees and shrubs - and on which a possible jogging path would be established. The purpose of the open-space area would be to separate the C-3 zoned area from residential areas. See the attached map which exhibits both the requested C-3 area and the planned open-space area.
