Notes to Customer

Thank you for the opportunity to quote your upcoming project. PLEASE NOTE: Quote does not include installation, offload, payment and performance bonds, engineering calculations, security, storage, permits, inspection or safety surfacing, unless otherwise noted. Unless noted, freight costs are based on semi-truck access and do not include a lift-gate.

Deposits may be required before an order can be placed depending on customer credit terms. Your purchase is subject to the terms and conditions of this quote. Approval of this quote agrees to those terms.

If ordering materials after the quoted expiration date, please contact your sales representative for current pricing. Due to material cost increases and a fluid pricing environment, Ross Recreation cannot hold pricing past the stated Expiration Date on this quote. To secure current pricing, Ross Recreation will require the following:

- PO, signed quote or contract with approval for the order.
- Deposit if required by credit terms.
- Color selections and/or approved submittals.
- Acceptance of delivery when materials or equipment is ready to ship. Products cannot be held nor stored.

If this is a bid, it is the responsibility of the General Contractor to adjust their bid to accommodate for anticipated pricing based on the project timeline.

Sales tax will be based on the current rate at the time of shipping, not the order date. Customer will be expected to cover these, or any changes, to sales taxes.
