675 Wildwood Ave.
Rio Dell, CA 95562

Subject: Eligibility for Additional California Disaster Assistance Act (CDAA) State Share Funding under Government Code 65302.6 (Assembly Bill 2140)

Dear Mr. Knopp

The California Governor's Office of Emergency Services (Cal OES) has reviewed a Resolution of Adoption from the City of Rio Dell to adopt their current, FEMA-approved Local Hazard Mitigation Plan (LHMP) into the Safety Element of their General Plan. Cal OES has determined that the City is compliant with GC 65302.6 requirements. While funding is not automatically guaranteed, the City is now eligible to be considered for additional CDAA funding if approved by legislation following a disaster.

Please keep in mind that when the City's LHMP expires on **December 9, 2030**, the adoption into the Safety Element expires. It must be renewed each time the LHMP update has received either approvable pending adoption (APA) or final approval from FEMA. The onus is on the jurisdiction to provide proof of compliance to Cal OES before a new compliance letter will be issued.

If you have any questions, please feel free to email the AB 2140 team inbox at ab2140@CalOES.ca.gov. If you have Public Assistance questions, you may contact (916) 845-8200 or DisasterRecovery@caloes.ca.gov.

Sincerely,

VICTORIA LaMAR-HAAS, Chief
Mitigation Planning Branch
