

FY25 Revolving Fund Operational Plans

TOWN OF RANDOLPH

41 SOUTH MAIN STREET RANDOLPH, MASSACHUSETTS 02368

The Town Council passed a Resolution that requires an operational plan to be presented for each revolving fund as part of the annual budget process.

Revolving Funds, authorized by Chapter 44 section 53 E1/2, are a great option for the Town to separate certain fees that are directly linked to specific costs out of the operating budget. The funds also allow us more flexibility in addressing financial obligations.

The Town has created a Revolving Fund Ordinance that establishes each fund, identifies the department authorized to spend from the fund, the revenue credited to the fund, and allowable expenses to be charged to the fund. Annually, the Town Council votes to set the spending limit from each fund for the upcoming fiscal year.

Spending from a revolving fund is done without appropriation, but subject to the following limitations:

- At <u>NO TIME</u> can the fund be in a deficit position. Invoices/Payroll cannot be charged to the fund if there is not a sufficient balance to cover the expenses.
- Full-time salaries charged to the fund, in whole or partially, must also have fringe benefits charged to the fund by the same percentage as the salary.
- Total spending during a fiscal year shall not exceed the amount authorized by the Town Council for that particular year.

It is possible to increase a spending limit during the year with the Town Manager's and Town Council's approval.

The balances of revolving funds carry from year to year. Although all invoices should be paid timely, revolving funds may pay invoices from a previous fiscal year as long as the balance is sufficient and the spending limit has not been exceeded.

Respectfully submitted,
Janine Smith
Director of Finance/Town Accountant

Senior Van Transportation has played an essential role in meeting the needs of the senior citizens in Randolph. Whether it be for medical purposes, keeping active or staying social, the van transportation that we provide gives senior citizens a reliable and affordable option. The revenue that we generate from trip fees is used to pay for gas, repairs and maintenance on the 3 vehicles under our ownership.

Certain household wastes, such as yard waste, cathode ray tubes, computer monitors, motor vehicle tires, household hazardous waste, medical waste and propane tanks are regulated by the Massachusetts Department of Environmental Protection, (MDEP), and are banned from disposal as solid waste, (310 CMR 19.017). These items are managed as recycled materials under this revolving account. Revenue for this program is derived from the sale of yard waste passes, collection fees for certain medical waste, tires, propane cylinders and reimbursement by service providers. Expenses are related to the direct collection, transportation and recycle cost for each type of material. Public Health Manages these programs and responds to the needs of the residents for the proper management of these Recycled materials.

Randolph Public Health Department participates in an influenza vaccine administration reimbursement program. The program is managed by the Commonwealth of Massachusetts and various medical insurance provides participate in the program. The Vaccine Reimbursement program is designed to refund municipalities for the cost of giving the seasonal influenza vaccine to people of all ages. The reimbursement includes the cost to purchase the vaccine and related supplies that may be needed to support an influenza vaccination clinic. The reimbursement rate varies, depending on the insurance provider and the reimbursement rate is based on each type of vaccine administered. The reimbursement rate fluctuates annually. Medicare also participates in this program.

Funds may be used to support other Public Health promotion and disease prevention activities. Public Health Emergency preparedness to support Emergency Dispensing Site, (EDS) related activities, including support for the Medical Reserve Corp, may also be funded from this reimbursement program. Covid Vaccine is now included in this vaccination program.

The Library Technology Revolving account allows the library to lease a public copier/scanner as well as two public printers and to purchase paper. The public printers and scanners are utilized over 100x per day by the public and monthly by the staff for marketing materials, so maintaining a lease to ensure they are operational and have low-cost ink is vital to productivity for the library's 16,000+ visitors per month. Patrons are charged \$0.15/page for black and white and \$0.50/page for color print outs; scanning to a USB or Email is free of charge. Library fines are minimal due to a "fine free" policy enacted by Library Trustees however more expensive items and equipment do still incur fines.

A revolving account that allows for the use of rental fees to help with these costs will benefit the town and help us to maintain these important outdoor areas. The Randolph Youth Softball and Baseball Association recently turned the fields at North St. (Sullivan Complex) back over to the Town. These fields will be easy to rent however for the first year we are not sure about the potential revenue (this project was delayed due to an issue with the Deed so we will being renting in FY2025)

The before and after school program would supplement budgetary funds allocated for the Intergenerational Community Center operations and provide additional options for parents of school age children that may need support outside of the normal school day. The purpose of the \$1 authorization is to establish the fund so that receipts can be deposited, but virtually no spending is allowed. Once the fund is ready to be used, the Town Manager and Town Council may vote to increase the spending authorization.
