RE: Randolph Road Project, 11 Randolph Rd

To whom it may concern please consider this letter as formal notice that I fully support the proposed project designated as " Randolph Road Project" as submitted to the Planning Board.

The petitioner has been a great neighbor to us. The team at Randolph Road Realty LLC continues to communicate and address any needs or concerns raised by us at DABCO, they have continually donated to local causes and are a well respected business in our area. Lastly, we feel the proposed development is the best use for the property in its current condition.

Thank you,

Charles Bosworth
