RESPONSIBILITIES

Supplier Responsibilities

The Supplier will provide and maintain the IT system used by the Client. This Agreement between the Supplier and the Client includes full details of these responsibilities.

Additionally, the Supplier will do the following:

- SaaS will be maintained at 99% uptime/availability or greater 24/7/365
- Ensure relevant software, services and equipment are available to the Client including an appropriate level of spares
- Respond to support requests within the timescales listed below
- Take steps to escalate and resolve issues in an appropriate, timely manner
- Maintain good communication with the Client at all times

Client Responsibilities

The Client will use the Supplier-provided IT system as intended.

The Client is responsible for maintaining power and internet connectivity at all video offload locations on the network. For offload via a Client approved third party or Supplier provided access point, the Client has the option of either (a) organizing an independent internet connection via its local provider with a minimum upload speed of 50 Mbps, or, (b) connecting the access point to its own network having a minimum internet upload speed of 50 Mbps. Upon execution of this Agreement, as part of the deployment process, a network assessment will be conducted of the Client's upload speed for the transmission of data to the CJIS Compliant Cloud. In most cases, the Client should budget for an increase to their upload speed with their local carrier.

Additionally, the Client will:

- Notify the Supplier of issues or problems in a timely manner
- Provide the Supplier with access to equipment, software and services for the purposes of maintenance, updates and fault prevention
- Maintain good communication with the Supplier at all times

GUARANTEED RESPONSE TIMES

When a Client raises a support issue with the Supplier, the Supplier promises to respond in a timely fashion.

Response Times

UA provides a 99% uptime/availability commitment. All systems have health monitoring that assures that issues are typically addressed 24/7/365 by UA personnel before they become an impact to the performance of the service. For support provided to the customer directly, UA has a tiered response to support that will escalate the level of support depending on the situation. Tier 1 would be on-site support by the department staff after they have been trained by UA, which will alleviate most day-to-day issues that may pop up. Problems beyond Tier 1 scope will be escalated to Tier 2, which is phone-based support, and from there to Tier 3, which is on-site technical support from a UA field engineer. The cost of the response time is included in this Agreement.

While most support calls are handled immediately, Tier 2 issues have guaranteed response times as shown below:

Item Priority	Fatal	Severe	Medium	Minor
1	1 Hour	1 Hour	2 Hours	3 Hours
2	2 Hours	2 Hours	4 Hours	6 Hours
3	4 Hours	4 Hours	8 Hours	16 Hours

Severity Levels

The severity levels shown in the tables above are defined as follows:

- **Fatal:** Complete degradation – **all users and critical functions affected.** Item or service completely unavailable.
- **Severe:** Significant degradation – **large number of users or critical functions affected.**
- **Medium:** Limited degradation – **limited number of users or functions affected.** Business processes can continue.
- **Minor:** Small degradation – **few users or one user affected.** Business processes can continue.

RESOLUTION TIMES

The Supplier will always endeavor to resolve problems as swiftly as possible. It recognizes that the Client’s systems are key to daily functions and must be functional in the field.

However, UA is unable to provide guaranteed resolution times. This is because the nature and causes of problems can vary.

In all cases, the Supplier will make its best efforts to resolve problems as quickly as possible. It will also provide frequent progress reports to the Client.

UA will issue to one Licensed User (“Customer Administrator”) an individual login identifier and password (“Administrator Login”) for purposes of administering the Service. Using the Administrator’s Login, the Customer Administrator shall assign each Licensed User a unique login identifier and password (“User Login”) and provide such information to the Licensed Users and UA via the Service. Customer shall not provide a User Login to any individual or entity that is not a Licensed User to use the Service. Customer shall be responsible to ensure, by agreement or otherwise, that each Licensed User will: (a) be responsible for the security and/or use of his or her User Login; (b) not disclose such login identifier or password to any person or entity; (c) not permit any other person or entity to use his or her User Login; (d) use the Service only in accordance with the terms and conditions of this Agreement and on the workstation software from which the Service is accessed. Customer shall be solely responsible for ensuring that the access to the Service by a Licensed User who ceases to be an employee of Customer or one of its affiliates is terminated. UA shall have no responsibility for managing, monitoring, and/or overseeing Customer’s and its Licensed Users’ use of the Service. Customer acknowledges that the

Service may contain devices to monitor Customer's compliance with the terms and restrictions contained herein and Customer's obligations hereunder.

1.1.2 Operating Environment. Customer is solely responsible for acquiring, installing, operating and maintaining the hardware and software environment necessary to access and use the Service remotely via the Internet.

1.1.3 Changes to Service. UA may upgrade, modify, change or enhance ("Change") the Service and convert Customer to a new version thereof at any time in its sole discretion so long as such Change does not materially diminish the scope of the Service, in which event Customer shall have the right to terminate this Agreement upon thirty (30) days written notice to UA. During the term of this agreement, if UA upgrades the version of the Service Customer is using under this Agreement, Customer will not be charged an upgrade fee. Should UA offer additional optional software modules in the future that complement the Software, Customer may elect to purchase the optional software modules for an additional fee; however, Customer has no obligation to do so.

Subject to Customer satisfying its obligations herein, UA guarantees that the Service will be available to Customer and its Licensed Users at least 99% of the time during each calendar month, excluding Excusable Downtime ("Uptime Commitment"). If UA fails to satisfy the Uptime Commitment during a month, then UA will credit to Customer a pro-rated portion of the Fees in the first month of the next succeeding calendar quarter following the failure. For purposes of this Section, "pro-rated portion of the Fees" means the product obtained by multiplying the applicable Fees during the month of the failure by a fraction, the numerator of which will be the number of hours that the Service did not satisfy the Uptime Commitment, and the denominator of which will be the total number of hours during the month that such failure occurred less Excusable Downtime.
