
2026 Randolph Summer Internship Project

RANDOLPH
INTERGENERATIONAL

COMMUNITY CENTER

What's the Issue?

"There's no place in Randolph for my friends to hang out"

"Isn't the RICC for seniors?"

"I've never heard of the RICC."

"The staff can't juggle the workload of more programs if we don't have enough staff"

Public Responses

- People like how the RICC is for the community but dislike how the time spent there is only limited to senior citizens
- People don't attend community programs due to lack of time, interest, and promotion surrounding them
- Most said they would attend community meetings held in the evening
- Most would also prefer to receive information regarding these events through social media

What is the solution?

Create a summer program where there can be volunteers

acquire and train interns/ volunteers in advance so they are prepared.

Host more events for teens

Host Job Fairs for the young adults and adults looking for more job opportunities

Post bulletins in local businesses town hall library etc

Programs

- Acts as a source of entertainment for teens and overall youth.
- Hosts weekly game nights, local food trucks, and community building activities
- Creates a safe, welcoming space for teens and young adults.
- Encourages new friendships and community involvement.
- Promotes local businesses.

Get Connected Nights

VOLUNTEERS CAN
HELP FACILITATE
RACES AND MAKE
SURE CONTROLLERS
ARE NOT MISPLACED

HAVE A SWITCH OR
A CONTROLLER?
BRING THEM ALONG!

MARIO KART TOURNAMENT NIGHT!

Why?

MANY HIGH SCHOOLS SUCH AS BRAINTREE HIGH HAVE MADE E-SPORT CLUBS TO SUCCESS. BUILDING A GOOD SOCIAL ENVIRONMENT AND TEAMWORK WITH TEENAGERS AND WITH MORE COLLEGES ADDING ESPORT MANAGEMENT IT COULD HELP THE VOLUNTEERS CAREER PATHS IN THOSE FIELDS DOWN IN COLEGE.

- Randolph currently lacks youth activities regarding theatre and music
- Younger kids would take music/theatre lessons in groups
- Would need to find volunteers who could tutor kids

Spotlight at the RICC

- Mental health for kids and teens should be prioritized
- Using art and creativity is a powerful way to boost mental health for youth
- Teens would do art projects and exercises then apply these skills in the real world

**Join us in bringing awareness to mental
health among youth in the town of
Randolph**

Hosted every Saturday at The Randolph
Intergenerational Community Center

Guest speaker/experts, support circles, workshops,
group activities and free food will be provided.

- Teens need college prep to give them a better understanding of the world
- Allows teens who pursue higher education to better prepare for their future
- Allows for personal growth, along with proving their social and emotional mindset
- Job Fairs give teens another option for after high school
- It's also a good way to help them find employment during high school, as well
