

Council Order: 2025-048

**Introduced By: Town Manager Brian Howard
June 23, 2025**

Transfer of General Fund Free Cash for HVAC System

To see if the Randolph Town Council will vote to transfer an additional \$40,428 from the certified General Fund free cash to purchase, repair or maintain the Town Hall HVAC system previously approved in Order #2025-029 and Order #2025-042.

Explanation: The Town Council has voted two previous Council Orders. It was anticipated that the rebates could be deducted from the price before the final invoice. However, the project must be completed before the rebates can be applied for. The rebates will go to the general fund when received. Thank you.
