

Council Order: 2024-053

**Introduced by: Town Manager Brian Howard
October 28, 2024**

Transfer of General Fund Free Cash for Mobility Hub Study

To see if the Randolph Town Council will vote to approve a transfer of \$25,000 from the certified General Fund free cash for costs associated with hiring a consultant to perform a study estimating the annual operating costs of running a local transportation mobility hub in Randolph, for the first three to five years of operations, with different cost estimates depending on the level of service offered, and including an analysis of any available grants or supplemental funding sources to operate such transportation services.
