

AGENDA ITEM SUMMARY SHEET

City of Rollingwood

March 17, 2021

Submitted by:

Wendi Hundley/ Amy Pattillo, Council Members

Agenda Item:

Discussion and possible action to require property owners to call 811 to locate gas lines and to contact City of Rollingwood to locate water lines, and to require property owners to flag city water lines and to use best practices to protect city water lines before any digging or excavation activities begin and to assess associated fees to be charged.

Description:

A potential future ordinance to require property owners to protect utility lines during digging and excavation activities. The city has vulnerable water lines and gas lines that have been repeatedly broken during digging and excavation projects in the City.

Action Requested:

Direct City Administrator and City attorney to draft an ordinance to protect utility lines throughout the city and to create fee for program and bring back to City Council for future consideration and potential adoption.

Financial Impacts:

Attorney fees; administration of program
