Please state why you wish to serve the Planning and Zoning Commission?

Having worked on the CRCRC committee and especially the Sub-committee for Trees and Landscape Ordinance Review for 1.5 years, I have been involved in making recommendations for change. I would like to serve on a commission that is involved in making the actual decisions as is done in the PnZ. I am fairly new to the city but am very vested in maintaining the quality of life this city provides its citizens. I have no other vested interests other than owning my single house and property in RW. I am retired and have the time and energy to devote to this commission if appointed.
