

City of Rollingwood

Comprehensive Plan - Introduction

Buie & Co.

July 2021

Like many municipalities across Texas, the City of Rollingwood is experiencing significant change due to a variety of factors including population and demographic shifts and aging infrastructure. In 2020, Rollingwood City Council members made the decision to undertake the City's first comprehensive planning process to provide a long-range guide for how our community will develop moving forward.

The neighborly character and beautiful landscape of Rollingwood make our city unique, and it is important that as Rollingwood evolves, we preserve what we love about our community now and in the future. This initiative is designed to address issues that are known today while anticipating and preparing for the needs of tomorrow.

Our efforts are informed by community input and the best data and resources available to understand the challenges facing our City. The plan is rooted in four guiding principles:

- Environmental Stewardship
- Quality of Life
- Financial Sustainability
- Good Governance

This Comprehensive Plan details the vision and goals for this effort, the history and current makeup of Rollingwood, along with recommendations related to current and future land use, parks and recreation, facilities and infrastructure.
