Public hearing, discussion and possible action on a resolution reauthorizing all building permit fees in accordance with H.B. No. 1922, 88th Regular Session

**Description:**

H.B. 1922 became effective on January 1, 2024. In accordance with this bill, a city's governing body must hold a public hearing and vote to reauthorize any city fee charged as a condition of constructing, renovating, or remodeling a residential or commercial structure at least once every ten years. Under the bill, if a city fails to do so by the tenth anniversary of the fee being adopted or reauthorized, the fee will be automatically abolished by law.

Staff is proposing that a resolution to reauthorize all building permit fees be adopted annually at the same meeting where the budget is approved to ensure compliance with this statute.
