- 2516 Timberline Dr – Provided Comments 10/6/19 (On hold, Owner to make revisions to site plan)

B. Residential Stormwater Discharge Permit (RSDP) – No Activity

C. 2500 Bee Cave (Rollingwood Centre Phase III) – LNV continues to provide on-site reviews of site conditions for soil erosion control, grading, drainage, and utilities during the construction phase.

D. Drainage Plan Inspection

- 4906 Rollingwood Dr – Approved 10/21/2019

2. Cul-De-Sac Waterline Improvement Project – Tabled, On-Hold

Task Order No. 21: Includes waterline improvements at the following cul-de-sacs:

- A. Westgate Circle
- B. Ewing Circle
- C. Michele Circle
- D. Jeffery Cove
- E. South Crest Drive

LVN provided final plans to the City 6/14/18. LVN has prepared updated construction cost estimates (4/17/19) with 2019 unit cost and added mobilization and a 20% contingency.

3. Water Distribution System Support

LVN continues to provide support on an as needed basis. LVN is currently working with the City and AWR to assist with waterline abandonment. No changes are necessary to the December 2018 Water System Map. LVN will continue to support the City with waterline abandonment and updating of the water system map.

4. Wastewater System Support

LVN is currently assisting AWR and providing information as needed for a proposal for videoing of the wastewater system.

5. Task Order No. 22 – Hatley Cross Culvert Drainage Improvements

LVN has provided alternatives for the Hatley Cross Culvert Drainage Improvements and will meet with the City on November 18th to review.
