CONTRIBUTIONS TO FRIENDS OF ROLLINGWOOD PARK

The Rollingwood Park Commission and many citizens want the Park to be more user friendly, inviting, and beautiful. The Park could become a place with an attractive entrance, beautifully designed gardens, and trees to create spaces around the park that are shady and welcoming. Towards this goal, FRIENDS OF ROLLINGWOOD PARK has been created to collect contributions from the community.

Contributions would be used for restoration, revitalization, beautification and work on areas of the Park that need attention.

All contributions to Friends of Rollingwood Park will be used exclusively for the Park.

Two methods exist to contribute to Friends of Rollingwood Park.

1. A recurring monthly contribution can be set up.
    - The contributor decides on an amount and communicates the amount to Veronica at City Hall using the form that can be found on the City website.
    - A line item will be added to your water bill. The water amount and contribution can be paid with a single payment.

2. A non-recurring contribution to the Friends of Rollingwood Park can also be made.
    - Non-recurring payments are paid separately from the water bill with a separate check or other payment, and a payment coupon must accompany the contribution. (See payment coupon below)
    - NOTE: If a non-recurring payment is not paid separately from water bill payment, *eg:* paid with the water bill as a single check or other method, the amount will be credited to the water bill rather than to Friends of Rollingwood Community Park.

Contributions of any size will be welcomed and all are deeply appreciated.

CITY OF ROLLINGWOOD					
DONATIONS: FRIENDS OF ROLLINGWOOD COMMUNITY PARK
