

# AGENDA ITEM SUMMARY SHEET

## City of Rollingwood

Meeting Date: April 9, 2024

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action on Resolution No. 2024-04-09-02 to accept a water line utility easement granted to the City on the real property located at 4814 Rollingwood Drive

**Description:**

The city needs to acquire an easement to relocate a water main that is currently located on 4814 Rollingwood Drive. The main is not currently located within a city easement and is located at a spot on the property where structures, such as driveways, can be built. It is in the city's best interest to secure an easement along the edge of 4814 Rollingwood Drive so that the water main can be relocated to a place where it is protected and the city can access it.

The owner has agreed to give this easement to the City, and City Council needs to accept it before the main can be relocated. The current main is out of service, but upon relocation of this line and restoring service to it, another "loop" will be added to the city's water system, possibly improving water pressure in the area.

**Action Requested:**

To approve Resolution No. 2024-04-09-02 to accept a water line utility easement granted to the City on the real property located at 4814 Rollingwood Drive

**Fiscal Impacts:**

The easement will be donated to the City. The cost of relocating the main into the easement is the responsibility of the city.
