To Nikki Stautzenberger <nstautz@rollingwoodtx.gov>; Scott Burns [REDACTED]; Kristen Burns [REDACTED]

Hello

This is Kristen Burns at 107 Laura Lane. I am writing in support of you allowing a variance for our neighbors at 108 Laura Lane to screen their front yard pool. Not only are their pool toys, floaties, towels, foundation, etc unsightly, but the pool is also dangerous and seems out of code. A child could easily hop up and get in from the street.

I am surprised that a front yard pool would ever be allowed in Rollingwood and even more surprised that they have had such a hard time passing a way to screen it from all of the neighbors. I live directly across the street and have no way of screening the view myself.

I have spoken with Shilpa and all of the surrounding neighbors and we are all in support of improving this situation. Laura Lane is one of the prettiest, most walked streets in Rollingwood. Please help us keep it that way.

Thanks

Kristen and Scott Burns
