Hi Nikki,

My neighbor Shilpa Amin (wife of Steve Pullin) asked me to send a comment about the pool fence at 104 Laura Lane, for which they will need a variance.

Because I walk on Laura Lane frequently, I've seen that frontage often, and I think their fence will be a welcome addition. The breeze block tiles illustrated in their architectural plan make the fence look like a decorative screen, and the cement footing may help to stabilize the soil. I'm also very pleased to see the plan for wider steps and a handrail! Those will facilitate a much safer entry into and exit from the house.

I hope this variance will be approved.

Thank you!
