

CELIA ISRAEL
TRAVIS COUNTY TAX ASSESSOR-COLLECTOR

June 11, 2026

Taxing Entity,

Thank you for the opportunity to support you as your collector of property taxes. The Travis County Tax Office property tax division supports more than 170 entities to ensure you can provide your critical services to our surrounding communities.

I know we are all navigating a very challenging budget environment and being asked to do more with less. As you know, our parcel rate must reflect our rising costs of providing collection services. On June 9, 2026, the Travis County Commissioner's Court met to adopt a 2026 assessment and collection fee increase of 12 cents per parcel. For budget planning purposes, this adjusted fee is \$2.66 per parcel.

Unless other arrangements have been made, the Tax Office will withhold the parcel fee from disbursements to jurisdictions as soon as collections begin for the 2026 tax year, until the fee has been paid in full. Disbursements will then be made available to the jurisdictions as usual.

I appreciate your confidence in the Travis County Tax Office, and our staff is here to assist you. Our office has held a steady 99% collection rate, while striving to deliver responsive, respectful, and efficient customer service.

Please let us know if you have any questions or concerns. Below is contact information for my team members who can best serve you.
