Agenda Item:

Discussion and possible action on Western Hills Athletic Club's proposal to replace the chain-link fence located along the Club's shared boundary with the park

Description:

Staff met with representatives from Western Hills Athletic Club (WHAC) on December 2, 2025 to discuss its construction plans for the approved sports courts and for replacement of the decking at the swimming pool. As a part of that project, WHAC will need to temporarily remove sections of the chain-link fencing that separates its property from the City's park. The fence removal will only be during working hours, and fencing will be put in place during construction to protect the project and the safety of the public in the area.

WHAC has proposed to staff the possibility of replacing the chain-link fencing with something more aesthetically pleasing, and would like to discuss various options with the Park Commission.

Action Requested:

To consider what type(s) of fencing the Park Commission would prefer to be installed, and to make a formal recommendation regarding the fencing to the City Council.

Fiscal Impacts:

No fiscal impact is expected from this item.
