Park concerns

From Kathy Borth [REDACTED]

To Makayla Rodriguez <mrodriguez@rollingwoodtx.gov>

I support finding a solution to having an off leash dog park which is separate from the little league field. I feel very strongly that children should not be playing and falling down in a filthy field covered in dog poop. Volunteers and some owners do a pretty good job of picking up poop but many times there is soft stuff left. My dog tested positive to hook worms in spite of being on heart worm preventative . The vet said this is common for dogs who play at dog parks because many dogs are not on a preventative. So the dog park is a danger to humans and dogs and needs to be better managed by the maintenance crew. Better irrigation will help. Fresh soil spread in spring. Mowers which bag as they mow? I don't know but it needs to be better.
