Good Morning, Makayla,

Please pass the attached note onto the members of the Rollingwood Park Commission.

Thanks very much.

Best,

Dave

Dear Members of the Rollingwood Park Commission,

Good morning and thank you for all the good work that you do. Our park has never looked better as it continues to be the “gem of Rollingwood”. You should be proud.

As you know, there has been for some time interest in sorting out the formal use for the park’s baseball fields with factions in favor of a sports-only facility, others wanting to formalize a dog park, and other who believe that both purposes can be served on shared ground. Apparently, interest in managing the sports field / dog park issue has recently risen to a new level. Public engagement (or at least the engagement evident on local social media sites) has never been so high. Well considered positions and great ideas on the subject are playing out daily. A grass-root movement is born. I don’t have a position but I do see an opportunity to harness this energy by creating a sub-group that can look deeply into the issue; consider the multitude of public input that is out there; gather additional public input; and generate a set of recommendations that harmonizes with the Park Master Plan and brings balance and hopefully closure to the issue. Members of this sub-group could /should come from the Parks Commission and other interested and affected parties. I’ve seen this model work before; I believe that it can work here.

Again, thank you for your hard work and attention to this note. Let me know if I can be of assistance.

Respectfully,

Dave Bench
