City Council,

Please know that your efforts on this controversial topic are greatly appreciated!

I would like a space that creates/invites broader community activities - that unite our neighbors and facilitates relationships.

For now, the dog park has proven to be a functioning prototype for community involvement for the segment of the community that takes advantage of it.

The baseball fields do the same for those RW neighbors whose kids play.

Both the dog park and fields are also enjoyed by our non RW friendly community - and that's community too.

As far as space goes, the above should guide. For a dog park, the bigger the better - so, if you need a vote, it's **D - 0.6 acres**. This "dog park" space - like Zilker - could also be used for greater community activities.

Thanks again for your efforts,

Mark
