Makayla and Alun - I believe we should do option B - .25 acre dog park on the back parking lot or completely remove the dog park altogether. I am not in favor of youth sports sharing the fields with dogs or reducing the size of the fields. The fields are currently already available for broader community activities such as movie nights, kit flying or casual sports when not in use by the little league.

When I was president of RCDC there was some discussion about establishing a dog park in the city owned land off Dellana- not sure why this was ever removed from consideration? It is less than a mile from RW Park, has a lot of space for a dog park in a spot that doesnt compete with any other neighborhood or sports activities (or really have any other use) and could be made very nice.

Thanks,
Jason Mills

Hi Makayla & Alun,
Hope you both had a great weekend!
In response to the request for feedback on how to proceed with the city's off-leash area and other field renovations/improvements, my preference is a dedicated off-leash area **separate** from Hatley fields.

I'm advocating for 0.25 acre area on the back parking lot (B) as my first preference. At most, I would support 0.40 acres (C).

Thank you for all you do for RW!

Take care,
Laurie
