1. Can I ask if the City actually distributed these flyers, or if a private party did? It would be helpful to know who actually dropped this at my door over the weekend. Regardless, I'd appreciate it if you could share my feedback email with the appropriate members of the City Council, RCDC and Parks Commission.
2. I do not support any plan for our park that reduces the available area for the dog park or moves it from its current location. I think that a fifth option should be that the current dog park area becomes a dedicated dog park, eliminating the conflict with the Lessee, the Little League. Pretty sure that the Lessee signed their current lease well aware of the dual use of that part of the property.
3. I'm not sure that this kind of "feedback by multiple choice" is a valid way of collecting public sentiment from Rollingwood City residents regarding the use of this piece of city property. Further, the "Little League parent" don't really have standing to raise concerns unless they are Rollingwood residents, or they signed the lease on the fields in their individual capacity.
