
Parks Updates

Hi Makayla,

I understand a large proposal by Gomez Construction for park updates including irrigation, and parking lots is being considered.

I would like to take this time to urge the city council and parks commission to ask for and consider a proposal for creating a separate and meaningful dog park within park limits. It seems valuable for dog owners to get to have a space that's dedicated just for their fur babies. Equally important, is having ball fields that are dedicated as such. It's a health hazard to have children playing on fields that dogs are pooping in.

This could be a beautiful upgrade for our city. The park could be enjoyed by all and it could settle what seems to be a never ending battle between ball fields and dog owners. There's room for both. Let's make it happen.

Please pass on to any appropriate members of council and commission. Thanks for your time.

Warmly,
Danielle Hasso
